

SENTINELLE SYSTEMS LLC

Cybersecurity Advisory | CMMC Readiness | Fractional CISO

CAGE	18QJ7	UEI	HVTNPB8PHKH4
NAICS	541512 (primary), 541519, 541690, 561621	PSC	DA10 IT and Telecom: Cybersecurity and IA
Size	Small Business (all listed NAICS)	Registrations	SAM.gov (active) eVA DLA DIBBS eMMA
Certification	Virginia SWaM Certified: Small, Micro, and Minority Owned (Cert 843173, valid through 03/06/2031)		

CORE COMPETENCIES

- CMMC and NIST 800-171/800-53 readiness: gap assessments, SPRS scoring, SSP and POA&M development, remediation roadmaps
- Vulnerability assessment and penetration testing: scoping, execution oversight through OSCP/GPEN certified assessors, remediation tracking
- Fractional and virtual CISO: security program ownership, policy, risk and vendor management, leadership reporting
- Governance, risk and compliance: SOC 2 and FedRAMP advisory, third party risk, cyber insurance readiness
- Incident response: IR planning, tabletop exercises, detection and response uplift
- Cloud security: AWS, Azure, GCP; zero trust architecture design

DIFFERENTIATORS

- Principal holds CompTIA Security+ CE, CySA+ CE, and AWS Certified Security Specialty; 8+ years across defense, financial services, and enterprise retail security operations
- Productized CMMC Readiness Sprint: fixed fee, audit ready SSP, POA&M, and SPRS score in 2 to 3 weeks
- CMMC Phase 2 enforcement enters DoD solicitations November 2026: we get subcontractors assessment ready before their primes ask
- Vendor neutral advisory with no tool resale conflicts

PAST PERFORMANCE

Commercial reference engagements available upon request. Principal has led security operations and compliance programs in defense, financial services, and national retail environments.
